Imagine Other Worlds with Authors Book Signing Event Heads to Marion in July

Inspired by other author signing events held in Iowa, like the North Iowa Book Bash (NIBB) and the Romance Rendezvous, organizers Dana Beatty and Terri M. LeBlanc got together two years ago (2016) to bring such an event to eastern Iowa. They formed Imagine Other Worlds with Authors (I.O.W.A.) and never did they dream that they would now be preparing for the third signing event.

The I.O.W.A. signing event will be held at the Marion Columbus Club at 5650 Kacena Avenue in Marion, Iowa. The event provides the opportunity for bookworms of all ages to interact with over two dozen different authors from over a dozen different genres including romance, science fiction, fantasy, and children's. Many of the authors are from eastern Iowa with at least traveling from as far as Kansas.

"After receiving positive feedback from the authors and fans attending our first event, we couldn't pass up the opportunity to make this a regular event for the Cedar Rapids area," event organizer Dana Beatty says. Looking to grow the event and better track fan attendance, Beatty and LeBlanc sought other locales in the area to host I.O.W.A. 2018. In December 2017, they signed an agreement with the Marion Columbus Club.

This year's event will be held on Saturday, July 21, 2018 from 10 am to 3 pm at the Marion Columbus Club at 5650 Kacena Avenue in Marion, Iowa, just north of Culver's fast food restaurant on Highway 13. Readers of all ages are invited and you can learn more about the event by visiting ia-otherworlds.com.
